Care and referral fit

Refer for outpatient psychiatric evaluation, medication management, and follow-up care with Nury Quevedo. Call to confirm age range, requested service, and appointment availability. Please contact the office before referring for autism-specific evaluations; availability and scope must be confirmed.

Current access

Now accepting new cash-pay patients. Insurance contracting is in progress; confirm specific plan participation before promising coverage. In-person opening is planned for December 1, 2026. Call to confirm telehealth and in-person options.

How to refer

1. Complete the patient referral form. Include a safe patient contact and your callback details. 2. Attach relevant clinical records, medication list, and pertinent prior evaluations, with required consent or authorization. 3. Fax to 509-769-5070. Call 509-255-3787 to confirm receipt or discuss suitability.

What happens next

The team reviews service fit, patient contact information, availability, and payment arrangements before scheduling. Referral submission does not guarantee acceptance or an appointment. New patients should call for their first visit; the online scheduler currently serves existing patients.

Contact and privacy

Use fax for completed referrals and records. General partnership questions only: office@qmatepsychiatry.com. Do not send patient details through ordinary email. This referral route is not for emergencies; call 911 for immediate emergency assistance.
